THE MACHINE-ROOM-LESS ELEVATOR

KONE N MonoSpace®
YOUR TRUSTED ELEVATOR PARTNER

With over 100 years of experience in the elevator business and a strong track record in safety, KONE is your trusted partner dedicated to ensuring smooth People Flow® in your building. We revolutionized the industry in 1996 with the world’s first machine room-less elevator – the KONE N MonoSpace® – and the energy-efficient KONE EcoDisc® hoisting machine. Our proven track record, including over 800,000 KONE EcoDisc installations worldwide, speaks for itself.

We have listened to our customers and carefully analyzed each and every part of our industry-leading elevator solution, and renewed it from top to bottom. Everything we did best, we’ve made even better.

3 REASONS TO CHOOSE KONE N MONOSPACE

1. EXCELLENT ECO-EFFICIENCY THAT CUTS THE CARBON FOOTPRINT OF YOUR BUILDING

Up to 28 % more energy-efficient than before thanks to the upgraded KONE EcoDisc, centralized hoisting, and more advanced standby solutions.
SMOOTH RIDE COMFORT FOR THE BEST POSSIBLE PASSENGER EXPERIENCE

Quality guaranteed through ride-comfort testing of all elevators before handover – a service unique to KONE.

Quiet and smooth operation, and accurate leveling enabled by:

- The renewed KONE EcoDisc hoisting machine, brakes, and centralized hoisting
- An improved car structure and sound-isolated guide shoes

AWARD-WINNING DESIGN THAT HELPS YOUR BUILDING STAND OUT

Easy selection of car interiors from a collection of functional and visually appealing designs created by KONE’s award-winning design professionals.

The industry’s most flexible and versatile offering, with over 100 materials and accessories, offering millions of possible combinations.

The most innovative materials and lighting solutions.

A STRONG TRACK RECORD

- 9 out of 10 KONE customers recommend us as a partner
- More than 100 years of experience in the elevator industry
- Over 800,000 KONE EcoDisc elevator installations worldwide
- Close to 1,100,000 elevators and escalators in service
- 50,000 dedicated experts worldwide
EXCELLENT ECO-EFFICIENCY
THAT CUTS YOUR BUILDING’S CARBON FOOTPRINT

At KONE we have always been renowned for our revolutionary eco-efficient technology. Our renewed elevator solution improves upon our already industry leading energy consumption levels by up to 28%.

Installing an eco-efficient KONE elevator solution can also help in achieving green building accreditations such as LEED or BREEAM certification.

More efficient hoisting machinery
The completely renewed KONE EcoDisc® hoisting motor and highly efficient drive system delivers even better energy efficiency, helping to reduce both operating costs and your building’s carbon footprint.

Eco-efficient regenerative drive
Our latest regenerative drive recycles energy for immediate reuse within the building and cuts consumption by up to 20%*. 

Long-lasting LED lighting
As well as being up to 80%* more efficient than halogen lighting, LED lighting also lasts up to 10 times longer*.

More advanced standby solutions
Upgraded standby solutions power down the equipment when it is not in use, providing substantial energy savings.

SAVE ENERGY, SAVE SPACE
As well offering excellent energy efficiency, because the new KONE N MonoSpace® also helps you save valuable space.

- The highly compact elevator equipment – including the KONE EcoDisc hoisting machine and other mechanical structures – now requires even less height and width in the shaft.
- This frees up valuable floor space or allows for a more spacious, higher-capacity car.
- When replacing an existing elevator, the new KONE N MonoSpace eliminates the need for a machine room and maximizes elevator capacity within the existing shaft dimensions.

* The calculation is based on an elevator speed of 1 m/s, a load of 1000 kg, 150,000 starts/year, a travel height of 12 m and 5 floors.

U.S. based business magazine Forbes has ranked KONE the 56th most innovative company in the world. KONE is the only elevator and escalator company featured on Forbes’ list this year.
Every aspect of the upgraded KONE MonoSpace® is designed to add real value to your building and maximize comfort, safety, and convenience for passengers. The renewed KONE EcoDisc® hoisting machine is complemented by a wide range of other upgrades that are designed to deliver industry-leading ride comfort year after year.

1 Renewed machinery and brakes
   - The new, highly reliable motor control system further improves ride comfort, with smooth acceleration and deceleration, and highly accurate car leveling.
   - The renewed braking system ensures a comfortable, safe, quiet ride, while also minimizing noise transfer to the surrounding areas.
   - The new brake test functionality automatically checks brake condition daily. This helps to further improve safety and reliability.

2 Redesigned hoisting system for minimized vibration and noise
   - Centralized, low-friction hoisting cuts noise and vibration, improving comfort for passengers and minimizing disturbance to the surrounding areas.

3 Improved car structure with even better noise isolation
   - The rigid structure and superb noise isolation of the renewed elevator car ensure a smooth, quiet ride.
   - Isolated guide shoes, constructed using low-noise sliding material, further help to reduce noise.

ALL ELEVATORS TESTED FOR RIDE QUALITY – A SERVICE UNIQUE TO KONE

- KONE provides a comprehensive ride quality testing service as standard for all its elevator installations.
- Your elevator will not be handed over for use before it passes this test, which measures noise and vibration levels inside the car.
- This thorough quality and reliability testing prior to handover further reduces the need for unplanned maintenance callouts.
WHAT SETS KONE DESIGN APART

1 Easy selection of car interiors
A collection of 52 functional and visually appealing designs created by KONE’s award-winning design professionals.

2 The most flexible and versatile offering
100 different materials and accessories that can be combined freely and used in all elevator products, for both new buildings and modernization projects.

3 The most innovative materials
The combination of unique textured, patterned, and 3D-effect wall materials with novel lighting solutions creates a stunning visual effect.

4 Award-winning design
KONE’s elevator and signalization design concepts have received both Red Dot and Good Design awards.
KONE DESIGN COLLECTION

Regardless of the type of building you are developing, the elevator you choose should complement your building’s look and feel, create a lasting impression on passengers, and make your building attractive to potential tenants. Your elevator also needs to be functional – it should be accessible for all, well lit, user-friendly, easy to clean, and resistant to wear and tear.

The new KONE Design Collection – created by our award-winning design team – offers you a versatile set of contemporary, themed interiors to choose from. You can also create your own unique look and feel by mixing and matching our wide range of materials and accessories.

For more design inspiration take a look at the complete KONE Design Collection and use the KONE Car Designer tool together with a KONE sales representative.

ACCESSORIES DESIGNED TO IMPROVE USER EXPERIENCE

Our wide range of accessories is designed to give passengers a great elevator experience with every trip.

As well as adding the finishing touches to your elevator’s interior, they make using the elevator even easier and more convenient for passengers.

1. Car operating panel with memorable animal patterns to help children find their floor (KDS D).
2. Designed for senior housing, this car operating panel uses clear, highly visible numbers (KDS D).
3. Our new KDS 330 signalization series is durable, easy to use, and provide a modern and timeless feeling.
4. KONE InfoScreen makes it easy to communicate important building information to tenants and visitors.
SUPPORTING YOU EVERY STEP OF THE WAY

Choose a partner with over a century of experience in delivering pioneering elevator solutions. Get expert advice from professionals and enjoy the peace of mind that comes with comprehensive support. KONE is with you every step of the way – from planning and design through installation and maintenance to modernization – for the entire life cycle of your building.

1 Expert design and planning services
   - Expert planning advice helps you specify the optimal elevator solution for your building requirements.
   - Easy-to-use online design tools save you time and effort during the design process by allowing you to create CAD drawings, 3D BIM models, and custom car interiors.
   - Energy consumption calculations for every individual elevator solution.

2 Safe and efficient installation
   - Highly efficient scaffoldless installation methods result in considerable cost savings for our customers and minimize disruptions to other construction work.
   - Strict quality criteria for each phase of installation – ensuring “first time right every time”.
   - Continuous training, site audits, safety passports, and proven methods ensure maximum site safety.
   - Eco-efficient installation processes maximize waste recycling and minimize the use of solvents.

3 Quality assurance at handover and professional maintenance
   - We are the only company to provide in-depth ride quality testing of each elevator before hand over.
   - Our elevators are known for their reliability, and have an average availability rate of 99%.
   - Our global spares center stocks over 150,000 parts and offers 24-hour delivery for the most commonly requested parts.
   - Preventive KONE Care™ maintenance solutions – including a comprehensive new online service-reporting system – make it easier to monitor and budget for elevator maintenance.
WORLD-CLASS DESIGN TOOLS

Take advantage of our easy-to-use tools for designing a car that will fit your building’s look and feel perfectly.

**KONE Car Designer – now including new designs, materials, and accessories**

- Create your own elevator car design together with a KONE sales representative with the **KONE Car Designer**.
- **Choose a theme** from the KONE Design Collection, or **mix and match** your choice of materials, lighting, and accessories to **create a totally new look**.
- Once your design is ready, the KONE sales representative will send it to you as a PDF so you can share it with colleagues.

![KONE Car Designer Interface](image-url)
When you choose KONE, you choose peace of mind. Safety is the starting point for every KONE solution, and all our solutions include the latest innovations in safety technology as standard.

Our completely renewed KONE MonoSpace elevator solution includes a wide range of features that are designed to both maximize safety for passengers and make it easy for you to inspect the condition of your equipment to ensure that it operates safely at all times.

- Daily automatic brake testing
- Proven rope technology that is easy to inspect
- A curtain of light to ensure safe entry and exit
- Accurate landing that eliminates risk of tripping
- 24/7 contact with the KONE service center in case of emergency

KONE also demonstrates its strong commitment to safety by working closely with the people who rely on our products to provide a safe, comfortable experience in their daily lives. Our annual safety events give people the opportunity to familiarize themselves with how elevators operate and how to use an elevator safely.

STANDARDS-COMPLIANT MANUFACTURING

Standards-compliant manufacturing
- All KONE manufacturing units are ISO 14001 certified and meet all relevant elevator industry standards and requirements
AWARDS AND CERTIFICATIONS

09/2016  KONE ranked as one of the world’s most innovative companies for the sixth year running, by the U.S.-based business magazine Forbes. KONE’s ranking is now 56th, and out of all European companies listed this year, KONE was ranked an impressive eighth. KONE is the only elevator and escalator company featured on Forbes’ list this year.

10/2011  KONE features for the first time in the Carbon Disclosure Project’s (CDP) Nordic Carbon Disclosure Leadership Index.

08/2011  KONE is the only elevator and escalator company to make the top 50 of US-based business magazine Forbes global list of the 100 most innovative companies in the world.

07/2010  KONE becomes the first company in the elevator and escalator industry to achieve an A-class energy rating according to the VDI 4707 standard, for the KONE MonoSpace® elevator.

06/2009  KONE awarded a Prime Award for Eco-Business by Prime Magazine. Co-organized by Prime Magazine and the Business Environment Council, the award is given to companies who demonstrate outstanding achievements in environmental protection.

01/2008  KONE chosen as one of the 2007 Annual Top 10 International Brands for China Energy-Efficient Buildings by the China Ministry of Construction.

12/2007  KONE awarded 2007 Best Real Estate Supplier at the China International Real Estate & Architect Fair (CIHA F). KONE MonoSpace® recommended as one of the 2007 Recommended Components & Products for Energy-Saving Construction.

12/2005  KONE MonoSpace cited by Legambiente Lombardia (Environmental Coalition of Lombardy), the government of the Region of Lombardy, the Technical University of Milan, and Bocconi University for environmental friendliness at the fifth annual Friend of the Environment Awards for Innovation. These awards are given for Efficiency in Consumption and Eco-design: solutions for sustainable development.

06/2005  100,000th KONE MonoSpace elevator installed in the National Grand Theater, Beijing, China.

07/2003  KONE wins Premio Quattrium Award for originality, Spain.

03/2000  KONE solutions chosen for Thermo-Staete, the most energy-efficient office building in the Netherlands.

04/1999  KONE wins Construmat 1999 Prize for Innovative Technology, Barcelona, Spain.

02/1999  KONE solutions chosen for “Eyecatcher”, a Swissbau showcase green building, Switzerland.

03/1998  KONE wins Electrical Industry’s (SE T) Annual Award, Finland.

10/1997  KONE wins Top Prize for Innovation at the SAIE ’97 Fair, Bologna.

06/1997  KONE wins the Grand Prix ’97 at the CONECO fair, Bratislava, Slovakia.

09/1996  KONE wins the Grand Prix at the Building Fair, Prague.

- 1600 kg (Rated speed ≤ 1.0 m/s)

#### Max. stops
- 18 (1.0 m/s), 28 (1.6 m/s, 1.75 m/s), 36 (2.0 m/s, 2.5 m/s)

#### Max. travel
- 55 (1.0 m/s), 75 (1.6 m/s, 1.75 m/s, 1.80 m/s, 2.0 m/s, 2.5 m/s)

#### Car height (CH)
- 2100, 2200, 2300, 2400, 2500, 2600, 2700 mm

For more information please contact KONE local sales and refer to technical documentation.
KONE provides innovative and eco-efficient solutions for elevators, escalators, automatic building doors and the systems that integrate them with today's intelligent buildings.

We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace®, KONE NanoSpace™ and KONE UltraRope®.

KONE employs close to 50,000 dedicated experts to serve you globally and locally.
